LIVING ON PURPOSE WORKSHOP

I'm thrilled to invite you to an exclusive workshop to discover your true purpose.

- Are you living your purpose at the deepest level?
- Are you committed to deliver an inspired and impactful life?
- Do you believe you can fulfil your potential in this lifetime?

We're entering exciting times. A new world is emerging. It's shifting the way we work and live, Though with this change, it is often hard to know the right path to take.

It has become so clear to me over the last twenty years that the richest way to live is to serve other human beings, to live with a deep sense of contribution every day.

Is there a piece of you that knows you are powerful beyond measure and not yet delivering your full potential?

To support you to live a happier, more confident, more courageous life, we created the 'Living on Purpose' workshops, This full day of inspiration focuses on deepening your passion and inspiration within you and your career.

Over the last 19 years I have been privileged to speak at over 700 events in 5 continents. Having worked with over 100,000 people from all different cultures, I have learned so much about what makes us succeed in both our professional and personal lives.

Set in the beautiful Surrey countryside, we will spend the day exploring our internal world as well as appreciating the beautiful world around us. You will come away full of purpose, joy, clarity, connections and good food!

To your success,

Craig Goldblatt

HOW YOU LEARN & GROW

Our Intention: Our deepest Value

All great leaders have an emotional driver for their cause.

Martin Luther King had a deep intention of freedom for his people and we believe this sat behind every decision and behaviour he delivered.

It benefits us enormously to know what these drivers are in order to inspire ourselves, our clients and all others to take a certain action.

Purpose: Our reason for living and working

In order to be truly motivated we need to understand that there are core elements that human beings want;

- to experience our deepest feelings
- to feel a strong sense of security, excitement, self-worth, connection and growth
- to give to others.

Identity: Who we are at our best

At a level of identity, we are incredibly complex. We use labels to describe ourselves and, even though language cannot truly encompass all that we are, it is an extremely powerful guide.

If we were to ask the people who know us best, what would they say are our greatest qualities? Knowing our true sense of self has so many benefits, most of all it creates a real value of trust in all who surround us.

Values and Beliefs: What is most important to us?

Our core values, such as Trust, Honesty, Integrity, Compassion and Health, form the foundations for our emotional compass. They allow us to make the right decisions for ourselves and others. When we recognise what values are crucial for us it supports a strength to make decisions, carry them through and attract the right clients who share these qualities.

Understanding and living our values at the highest level through introspection is very powerful to ascertain if we are showcasing ourselves in an authentic way.

Craig Goldblatt

HI, I'M CRAIG GOLDBLATT.

In the last 2 decades, I've been a sought-after International Keynote Speaker, Impact Coach and Trainer to some of the biggest businesses, charities, nonprofit organizations and top-performers in the world.

My life purpose is helping you create a meaningful legacy so we create a better world together.

I've helped incredible organizations like Microsoft, WWF U.K., WWF Africa, Warwick Africa (Warwick University), The Learning Trust, Article 25, The Diana Award, The Ella Foundation and more clarify their mission and impact the world.

I also work one-on-one with remarkable leaders, entrepreneurs, CEOs and high-profile individuals who are hungry to live their true purpose, contribute deeply and embrace life at the highest level.

As a traveler, I've immersed myself in some of the most diverse cultures on the planet, learning lessons in love, courage, compassion and empowerment.

Now, with an enhanced awareness of purpose, intention, motivation and human identity, I bring those lessons with me to the stage, my workshops and intensive 1:1 coaching like The Legacy Advisory Program.

That means I offer unique tools that are extremely effective—actionable strategies to understand yourself deeply, reveal your true purpose and clarify your vision. Plus, a roadmap to make it happen.

So you bring your legacy to life.

So you live an inspired life of real meaning, depth, significance and impact.

In 2010, my life purpose led to founding Giving Africa, a charity focused on creating a strong organization to build Bethel Secondary School in Burkina Faso, offering high-quality education, real opportunities and self-sustaining outcomes to children in poverty.

Because of this, I am much more than your typical life coach, advisor or personal development strategist.

I know where you are right now. I've felt the same drive to create a better world and I've developed a proven path to make a real difference.

For me, it took a number of challenges and triumphs to find my higher purpose and start building my legacy.

But my clients don't need to face the same challenges. With my help, they have a blueprint that works, and they're building remarkable legacies in less time than they ever imagined...

And now, I want to help YOU do the same.

"Craig generated huge energy in the room... No one could help but be affected by his passion and focus on giving the audience as much value as possible.

"Many speakers can stay on the surface but Craig gets you to dig deep, to challenge - to be brave. Lives will not be the same as he, with mastery, addresses cause rather than effect, delivered with an air of authority and love."
